

BART is Coming to Livermore!

Join Us for a Series of Interactive Workshops

The City is hosting a series of workshops to discuss BART Station Area Planning. The workshops will feature presentations and opportunities for you to share your ideas about the planning of potential BART stations in Livermore. Each workshop builds on the previous one, so attendance at all three is encouraged.

On a separate but related matter a Draft Program Environmental Impact Report (DPEIR) assessing nine alignment options will be published in early November 2009. BART will hold hearings on the DPEIR on:

**Wednesday, November 18
at 2:00 p.m.**

City Council Chambers
3575 Pacific Ave., Livermore

**Wednesday, December 2
at 6:00 p.m.**

Robert Livermore
Community Center
4444 East Ave., Livermore

For more information on these meetings please call 510-287-4702, email info@barttolivermore.org or visit www.barttolivermore.org

WORKSHOP 1 Thursday, November 12

We will begin with presentations on station area **transportation**, **economics**, and **design**, followed by facilitated roundtable discussions about the desired "performance aspects" of potential station areas.

WORKSHOP 2 Thursday, December 10

We will discuss **potential station "pairings"** that further community goals. We will ask participants to review and comment on station area design characteristics that would best fit the character of Livermore.

WORKSHOP 3 Thursday, January 21

We will focus on **visual concepts of potential station areas**, and will conclude with the main points of community comments that will be included in a report to City Council.

WE WANT YOUR INPUT!

All workshops are from 6:30 p.m. to 9:30 p.m. at the:

The Shrine Event Center

170 Lindbergh Ave. • Livermore, CA 94551-9569

For more information, please call 925-960-4500 or go to www.ci.livermore.ca.us
